5/23 Began quiet phase of capital campaign

12/23 Campaign Steering Committee established

2/24 First full-time Executive Director hired

2/24 First \$1M grant given

9/24 Community Phase of the capital campaign is launched

Setting Goals

During the 2024 Project 2 ground-breaking, Imagine Foundation announced an increase in our fundraising goal from \$12.5M to \$15M due to an outpouring of support from our communities.

To date, over **150** people have generously donated to our capital campaign! ♥

\$10M+

Thanks to our generous donors to date we have raised over **\$10** million in cash donations, multi-year gift agreements, and grants to support completion of Project 2, benefitting thousands of students for generations to come!

"It's clear that much thought and care has been poured into the development plan -- this does not feel like careless, disjointed spending. I loved hearing the references to the interviews of students and the insights of the research that led to decisions made for the building plan."

Rebecca Romano (OPRF '02 and parent of 4 future Huskies)

"Not relying only on tax dollars demonstrates our community's commitment to our institutions through philanthropy. OPRF HS is the most important asset of our vibrant community and attracts families like mine to raise and educate our children."

Ainsley Borel
Board Member
and OPRF HS
Huskie Parent

Our Mission

To champion community excellence by raising funds to support OPRF facilities improvements to meet evolving educational needs.

4 volunteer leadership groups totaling **53** members are helping to broaden our network and advance awareness of our mission:

- Governing Board of Directors
- Campaign Steering Committee
- Advisory Council
- Associate Board

Spreading the word...

This year we launched our social media presence on Instagram and LinkedIn, as well as expanding our e-newsletter to bi-weekly. Our open and click-through rates are through the roof!

Insight Sessions and Tours

help demonstrate not only the needs that are being met through Project 2, but also the many academic and extra-curricular benefits of Project 1 and Track & Fields Project. We invite everyone to join a Tour or Insight Session **2 per month!** to learn more about the Imagine Plan and our efforts to support OPRF!

First \$1 Million Grant

was presented to D200 in February, 2024.

Join our team and support Imagine Foundation with a tax-deductible donation!
